

Article Overview

Brilltech Engineers Pvt. Ltd and Al Fazal Engineering are key manufacturers of aluminum alloy cable trays in Afghanistan.

Brilltech Engineers Pvt. Ltd

Brilltech Engineers is a prominent supplier and manufacturer of cable trays in Afghanistan, offering aluminum ladder cable trays among other types. Their products are known for durability, superior strength, and compliance with international quality standards. They provide customization options based on size, dimensions, material, and length, making them suitable for industrial, commercial, and construction projects. Brilltech also offers installation support, system design assistance, and project consultation, ensuring complete cable management solutions .

Al Fazal Engineering

Al Fazal Engineering manufactures a wide range of cable trays, including aluminum, galvanized steel, and stainless steel trays. Their aluminum trays are designed to handle heavy cable loads, resist corrosion, and provide easy installation. They produce ladder type, perforated type, and wire mesh trays, suitable for industrial buildings, factories, data centers, and commercial spaces. The company also provides full installation services, from design to testing, ensuring safety and efficiency .

Product Features

- o Lightweight and corrosion-resistant: Aluminum trays are ideal for harsh environments and outdoor applications .
- o High load capacity: Suitable for dense cable transitions and industrial use .
- o Customizable designs: Ladder, perforated, and wire mesh options to meet project-specific requirements .
- o Safety and thermal management: Aluminum trays prevent cable overheating and require proper grounding due to high electrical conductivity .

Conclusion

For projects in Afghanistan requiring aluminum alloy cable trays, Brilltech Engineers Pvt. Ltd and Al Fazal Engineering are reliable manufacturers offering high-quality, customizable solutions with professional support for installation and system design . These companies cater to both local and regional needs, ensuring compliance with safety and performance standards.
