Molex High-Speed Direct Attach Cable (DAC) Assemblies deliver data rates as high as 100Gbps with cable lengths ranging from 0. These assemblies feature dual-ended connectors, lock-to-mating parts, and 30AWG Twinax, Temp-Flex Twinax, or round wires/cables. The Volex DAC cable product family includes cable assemblies with Small Form-factor Pluggable (SFP), Quad Small Form-factor Pluggable (QSFP), and Octal Small Form-factor Pluggable (OSFP) single and double density modules. Volex offers a comprehensive range of active and passive DAC cables. Siemon offers a comprehensive line of High-Speed Interconnects (HSI) and transceivers. The cable assemblies include straight-through and breakout Direct Attach Cables (DAC), Active Copper Cables (ACC and AEC) and Active Optical Cables (AOC) in speeds ranging from 800G to 10G, in OSFP-Finned Top. DAC cables are high-speed, cost-effective cables that are easy to install and ideal for short-distance direct connections in data centers. AEC cables combine copper flexibility with active circuits, optimizing connections over extended distances in confined spaces. The Quad Small Form-factor Pluggable Double Density (QSFP-DD) Interconnect Solution is specifically designed to meet high-density. Manufacturer of network elements and accessories. Production is focused on WiFi Antennas, Pigtailed, PoE Injectors, PoE Panels, SFP Modules and more.

If you've never heard of a "DAC" before, you might be surprised to hear that you most likely use one everyday. DAC stands for digital-to-analogue

DAC-XLR is a professional 110 Ohm interconnect cable for XLR interfaced digital audio signals according to the AES/EBU standard. The cable include our patented Supra Swift XLR connectors.

NVIDIA ® Mellanox ® LinkX ® InfiniBand DAC cables are the lowest-cost way to create high-speed, low-latency 100G/EDR and 200G/HDR and 400G/NDR links in InfiniBand switching networks and for

Explore the types and uses of DAC cables for data centers, including passive, active, and high-performance options to enhance connectivity.

Siemon offers a comprehensive line of High-Speed Interconnects (HSI) and transceivers. The cable assemblies include straight-through and breakout Direct Attach Cables (DAC), Active Copper Cables

NVIDIA LinkX Ethernet DAC Cables Learn about direct attach copper (DAC) cables and splitters for GPU-accelerated computing. NVIDIA ® LinkX ® Ethernet DAC cables are the lowest-cost way to

DAC

High-Speed

Get ready to immerse yourself in the world of high-quality audio with our top picks for Dac Cables. These innovative and versatile cables are designed to deliver crisp, clear sound, and with our ...

Independently tested to be interoperable with most major equipment manufacturers, Siemon interconnects deliver cost-effective, flexible support for your high-speed, direct attach equipment

About Us In 2003, amidst the ever-evolving landscape of audio technology, Designer Audio Cable (DAC) was born from a passion for excellence and a commitment to pushing the boundaries of sound

Direct Attach Cable (DAC) Assemblies High-speed I/O passive cable assemblies that can deliver data rates as high as 400 Gbps with a variety of lengths or

Table of Contents In the high-speed world of data centers and enterprise networking, efficiently connecting switches, servers, and storage is

We manufacture a wide variety of high-performance data cables designed to meet the needs of aerospace, defense, military, ground transportation, industrial, and

Molex High-Speed Direct Attach Cable (DAC) Assemblies deliver data rates as high as 100Gbps with cable lengths ranging from 0.50m to 5m. These assemblies

Upgrade your audio with Wireworld's audiophile USB cables. These high-end cables offer a natural tone, dynamic sound, and superior musical experience.

Empower your data center and network infrastructure with cutting-edge copper cable assemblies for unmatched performance and reliability.

Premium Direct Attach Cables (DAC) offering superior connectivity solutions with data rates up to 800G. Custom lengths, low latency, and compatibility guaranteed by a trusted manufacturer.
