

Article Overview

China offers a wide range of certified seismic-resistant cable tray support manufacturers, providing customizable, high-quality solutions for industrial and construction projects.

Leading Manufacturers and Suppliers

- o Guangdong Hongshun Metal Technology Co., Ltd. Located in Dongguan, Guangdong Province, Hongshun specializes in cable trays, seismic supports, galvanized pipe conduits, and supporting accessories. They offer products in galvanized, hot-dip galvanized, stainless steel, and aluminum alloy, with full customization and on-site technical guidance. Their solutions are widely used in industrial parks, data centers, hospitals, rail transit, and municipal engineering, and they export to Southeast Asia markets like Vietnam and Malaysia .
- o Shanghai Lianyu Industrial Co., Ltd. Established in 2014, Lianyu Industrial is UL and ISO 9001 certified, producing cable trays (perforated, ladder, wire mesh), pipe clamps, combined and seismic support systems, and heavy-duty structural frames. They emphasize high strength, corrosion resistance, and long-lasting performance, with over 40 innovation patents and advanced R&D capabilities. Their products serve construction, electrical, energy, petrochemical, and solar industries, and they provide customized, globally compliant solutions .
- o Shanghai Qionghai Industrial Co., Ltd. Qionghai Industrial offers a 2026 cable tray support system with a focus on industrial-grade seismic support solutions. They provide technical guidance, installation support, and OEM/ODM customization, catering to large-scale projects requiring robust anti-seismic cable management .
- o Made-in-China and Ecer.com Platforms These platforms list multiple verified Chinese suppliers of seismic cable tray supports, offering factory-direct pricing, OEM options, and bulk purchasing discounts. Buyers can access stainless steel, galvanized, and aluminum seismic supports, and request customized solutions to meet specific project requirements .

Key Considerations When Selecting a Supplier

- o Material and Load Capacity: Ensure the manufacturer provides materials suitable for seismic zones, such as stainless steel or hot-dip galvanized steel.
- o Certifications: Look for UL, ISO 9001, or local Chinese quality certifications to guarantee compliance and safety.
- o Customization: Many manufacturers offer OEM/ODM services for project-specific dimensions, load ratings, and installation requirements.
- o Technical Support: On-site guidance, installation manuals, and engineering consultation are critical for large-scale or complex projects.
- o Export Experience: Suppliers with international shipping experience can handle logistics, documentation, and compliance for overseas projects.

Conclusion

China hosts a robust network of seismic-resistant cable tray support manufacturers capable of delivering high-quality, customizable, and certified solutions. Leading companies like Guangdong Hongshun, Shanghai Lianyu, and Shanghai Qionghai provide comprehensive support from design to installation, while sourcing platforms like Made-in-China and Ecer.com allow buyers to compare multiple suppliers and request tailored quotations .

Cable tray manufacturer / supplier in China, offering Power System Cable Tray Trunking with Anti-Seismic Fixed Fittings, Indoor

Factory Directly Supply B-Line Cable Tray for Electric Transmission FOB Price: US \$0.8-1.5 / Meter Min. Order: 2 Meters Send Inquiry

Shanghai Lianyu Industrial Co., Ltd., established in 2014, is a UL and ISO 9001 certified manufacturer and supplier in China,

Your reliable one-stop manufacturer for certified cable trays, pipe supports, and seismic support structures -- where quality, safety,

Meilu Technology provides cable tray systems, seismic support systems, galvanized conduits, busway systems and MEP support

XMJQ is a China-based cable tray manufacturer offering engineered cable tray systems, busway, seismic bracing, and power

The company specializes in the R&D and production of cable trays, seismic supports, finished supports, galvanized pipe conduits,

Guangdong Tianlai Steel Pipe Cable Tray Co., Ltd. has customized and developed a cable tray solution suitable for the Guangzhou

Handu's main businesses include pipe gallery fire-fighting and anti-seismic supports and hangers, photovoltaic installation
