

Cost of Multi-hole Double-layer Cable Tray

Article Overview

The price of multi-hole double-layer cable trays varies widely depending on material, size, and supplier, typically ranging from \$50 to \$200 per meter for standard industrial-grade trays.

Pricing Overview

Multi-hole double-layer cable trays are designed for heavy-duty cable management, offering enhanced ventilation, structural strength, and organized routing for multiple cables simultaneously. Prices depend on several factors:

- o **Material:** Steel (galvanized or powder-coated) is common and durable, aluminum is lighter and corrosion-resistant, and fiberglass offers chemical resistance. Stainless steel 304 or 316L is more expensive due to superior corrosion resistance.
- o **Dimensions:** Width, depth, and length of the tray affect cost. Standard lengths are 2.44m, 3m, or 6m, with rung spacing typically 150mm-300mm.
- o **Design Features:** Multi-hole perforations, double-layer construction, and welded rungs increase manufacturing complexity and cost.
- o **Supplier and Region:** Prices vary by manufacturer and shipping location. Suppliers like WESCOSA, McMaster-Carr, RS PRO, and Alibaba offer different pricing tiers and delivery options.

Typical Price Range

- o Steel double-layer perforated trays: \$50-\$120 per meter
- o Aluminum double-layer trays: \$80-\$150 per meter
- o Stainless steel 304/316 trays: \$120-\$200 per meter
- o Custom sizes or coated finishes: Prices may exceed \$200 per meter depending on specifications

How to Obtain Current Prices

For accurate, up-to-date pricing:

- o **Contact suppliers directly:** WESCOSA, Bahra Electric, RS Online, and Alibaba provide quotes based on your project requirements.
- o **Request bulk or project-based pricing:** Discounts are often available for large orders.
- o **Specify material, dimensions, and finish:** This ensures the quote reflects your exact needs. By providing these details to suppliers, you can obtain precise, current pricing for multi-hole double-layer cable trays suitable for your installation.
