

Dimensions of Ukrainian Outdoor Server Rack Waterproof Box

Article Overview

Outdoor server rack waterproof boxes in Ukraine typically range from 6U to 15U in height, with standard 19-inch rack width and depths around 450-600mm.

Typical Dimensions and Sizes

- o Height (U size): Common models include 6U, 7U, 9U, 10U, 12U, and 15U . The "U" unit corresponds to 1.75 inches per U, so a 15U cabinet is approximately 26.25 inches tall.
- o Width: Standard 19-inch rack width is used for compatibility with EIA-310 compliant equipment .
- o Depth: Outdoor enclosures generally have depths of 450mm to 600mm, allowing sufficient space for cabling and airflow .
- o Material: Most Ukrainian outdoor racks are made of galvanized steel with powder-coated finishes for corrosion resistance .
- o IP Rating: Common ratings include IP55, IP65, and IP66, providing protection against dust and water ingress .

Features

- o Weatherproofing: Polyurethane gaskets and sealed doors ensure protection from rain, snow, and dust .
- o Mounting Options: Wall-mounted, pole-mounted, or freestanding configurations are available .
- o Cooling: Many cabinets support fan modules, heat exchangers, or air conditioning for temperature control in extreme conditions .
- o Security: Lever locks, three-point locking systems, and cam locks are commonly integrated to prevent unauthorized access .
- o Insulation: Some models use mineral wool or double-wall construction to maintain optimal internal temperatures .

Example Model

- o IPCOM 15U Outdoor Server Cabinet: 19-inch width, height 15U, depth typically around 600mm, welded steel construction, insulated with mineral wool, equipped with blower fan, heating element, and thermostat for climate control .
- o 7U Outdoor Network Cabinet: 600mm depth x 450mm width, IP66 rated, galvanized steel, fan-ready, wall or pole mountable .

These specifications provide a reliable reference for selecting a Ukrainian outdoor server rack waterproof box suitable for harsh environmental conditions, ensuring compatibility with standard 19-inch rack equipment
