

Article Overview

Spain offers a range of direct suppliers for galvanized cable trays, including VALDINOX and PohlCon Iberica, providing wire mesh, ladder, and perforated systems with tailored solutions for industrial and commercial projects.

Key Suppliers and Manufacturers

VALDINOX specializes in wire mesh cable trays, supports, and accessories, offering high production capacity and custom solutions. Their EASYCONNECT(R) system reduces installation time and enhances safety by leveraging the elastic properties of steel, making it suitable for demanding industrial environments. VALDINOX emphasizes customer-oriented service, ensuring compliance with project requirements and timely delivery. PohlCon Iberica (formerly PUK Portacable) provides a wide range of galvanized steel cable trays, including ladder, perforated, and wire mesh types. They focus on industrial applications such as data centers, tunnels, elevator shafts, and photovoltaic installations, offering technical guidance on load, span, and installation criteria. Their products comply with EN ISO 1461 standards for hot-dip galvanized steel, ensuring durability and long service life. Other suppliers listed on Europages and Trademo include companies like Construcciones Metalicas Judoma and GRUPO APELLANIZ, which supply cable trays for telecommunications, electricity, and railway sectors. These platforms allow direct contact with manufacturers for custom orders, bulk purchases, and technical consultation.

Product Types and Features

- o Wire Mesh Cable Trays: Lightweight, ventilated, and easy to install; ideal for complex routing and heat dissipation.
- o Ladder Cable Trays: Suitable for heavy-duty applications, supporting large cable bundles.
- o Perforated/ Solid Trays: Provide additional protection and are used in environments requiring fire resistance or underfloor installations.
- o Custom Solutions: Many Spanish manufacturers offer tailored designs to meet specific project requirements, including walkable floor ducts and fire-protected systems.

Purchasing and Direct Sales

- o Most suppliers provide direct sales to businesses, with options for bulk orders and project-specific customization.
- o B2B marketplaces like Europages and Trademo allow buyers to contact manufacturers directly, request quotes, and arrange delivery within Spain or internationally.
- o Technical support and installation guidance are often included, ensuring compliance with local standards and
