A public limited company listed on the Nairobi Stock Exchange with its head office in Nairobi's Industrial Area, East African Cables is the premier manufacturer in East and Central Africa. It comprises two manufacturing facilities in Nairobi, Kenya and Dar es Salaam, Tanzania. Aluminium conductors and cables for power distribution and transmission over national gridlines. East African Cables sets sight on expanded capacity and new. To help telecom contractors, ISPs, and distributors find the right partners, here's a list of the Top 10 Fiber Optic Cable Manufacturers in Kenya (2025) -- including trusted local and international suppliers. Kenya's oldest and largest cable producer, EAC manufactures both electrical and optical. Just like Africa's 'Tree of Life', we are providing digital connectivity to ecosystems across Africa's vast regions. Bayobab, a subsidiary of MTN Digital Infrastructure, and an MTN Group company, delivers infrastructure, solutions and platforms to enable Africa's digital ecosystem. With a lightweight, flame-retardant sheath, it allows easy installation in interior spaces, providing stable, high-speed data transmission. We anticipate market needs, innovate and constantly refine our manufacturing processes and products to deliver faster speeds and more flexible. The launch of 2Africa enables us to offer our customers seamless connection between Africa and Europe, together with our SEA-ME-WE 5 and AAE-1 subsea cable resources to further extend to Asia, which is an important milestone of our global development strategy," said Jessica Gu, Director & Chief.

The company initially invested R150 million to establish a local presence in optical fibre cable manufacturing, YOA Cable chief executive Pieter
