

Electric distribution box manufacturer for construction site in Democratic Republic of Congo

Article Overview

Key manufacturers and suppliers of electrical distribution boxes in the DRC include Zhejiang Liufang Cabinet Rack Co., MCA Congo, ENGELEC-RDC Sarl, Gaclay Sarl, and PROJELEC Sarl.

Zhejiang Liufang Cabinet Rack Co., Ltd.

Zhejiang Liufang specializes in high and low voltage switchgear cabinets, electrical aluminum waterproof boxes, and electrical plastic waterproof boxes. Their products are engineered for tropical climates, high humidity, and demanding industrial environments such as mining, energy, and infrastructure projects in the DRC. They provide IP65/IP67-rated outdoor enclosures suitable for construction sites, transformer substations, and rural electrification kiosks, ensuring protection against dust, moisture, and chemical exposure .

MCA Congo SARL

MCA Congo, a subsidiary of the MCA Group, offers motor control centers, switchgear, variable speed drives, transformers, and automation solutions. They provide customized substation solutions, E HOUSES, and containerized electrical systems for both medium and low voltage applications. MCA Congo also supports training and technical development in the DRC, making them a reliable partner for construction and industrial projects requiring certified electrical distribution solutions .

ENGELEC-RDC Sarl

Based in Lubumbashi and Kolwezi, ENGELEC-RDC Sarl supplies switchgear, electric motors, cables, and industrial electrical equipment. They have extensive experience in the mining and industrial sectors, offering both procurement and logistical services. ENGELEC-RDC can provide customized electrical distribution solutions for construction sites, mining operations, and large-scale industrial projects .

Gaclay Sarl

Gaclay Sarl operates primarily in the Greater Katanga region, providing assembly, installation, and maintenance of high and low voltage electrical components. They specialize in precision jointing, termination, and certified testing for industrial cable networks, substations, and power transformers. Their services are tailored for construction and mining infrastructure, ensuring compliance with modern safety standards .

PROJELEC Sarl

Electric distribution box manufacturer for construction site in Democratic Republic of Congo

PROJELEC Sarl is a Congolese electrical engineering company with over 40 years of experience. They offer consulting, design, construction, and maintenance services in electricity distribution. PROJELEC can supply integrated electrical solutions for construction sites, including distribution boxes and related infrastructure . These manufacturers and suppliers provide a range of weatherproof, industrial-grade, and custom electrical distribution boxes suitable for construction sites, mining operations, and infrastructure projects across the DRC. Depending on project requirements, companies can choose between local Congolese providers like PROJELEC and ENGELEC-RDC or international manufacturers like Zhejiang Liufang with local market support.
