The utility model provides a kind of KVM seat system based on fiber optic communication, including distributed input node, KVM switch controller and distributed output node; Distributed input node includes the 1st single-chip microcontroller, digital video input. The utility model provides a kind of KVM seat system based on fiber optic communication, including distributed input node, KVM switch controller and distributed output node; Distributed input node includes the 1st single-chip microcontroller, digital video input. For the AV OVER IP IP Based KVM system, We have 2K60,4K60,Dual-Engine distributed system and SDVoE 4:4:4 Lossless distributed system optional based on different projects requirements. 1) Distributed architecture design, decentralized architecture, can expand any number of nodes without server and. Matrox KVM extenders allow you to centralize systems in a secure server room, and control them from a distance without compromising performance. Matrox KVM extenders can extend signals--such as keyboard, mouse, audio, video, RS232, and USB--over fiber, copper, LAN, or private WAN. With best-in-class. The KVXLCDPF-100 DisplayPort KVM Console Extender lets you control a server, or computer over singlemode fiber at distances of up to 30 km (depending on the SFP used, fiber type, and fiber bandwidth). Ideal for data control centers, university campuses, hospitals, sports arenas, and more.

With the capability to support up to 16 pairs of transmitter and receiver devices via a single Gigabit Ethernet switch, this fiber optic KVM extender offers seamless

The Rexton HDMI Dual Monitor KVM Extender FBVVMS-M02K-20 is a unique design that combines two KVM extenders into one, allowing two engineers to

The Fiber Optic KVM Extender allows for control of a KVM switch, console, or PC from a distance of up to 984ft (300m). The transmitter/receiver kit extends 4K

HDMI with Optical Fiber module KVM Seat management system specification 56) ? Each node has a multi-channel HD video interface, Phoenix head audio input and output interface, the node has a two

The management and control information of the front-end equipment is transmitted through the KVM seat terminal in conjunction with a dedicated fiber-optic physical channel.

The ATEN CE980 USB True 4K DisplayPort/HDMI Optical KVM Extenders ensure transmission of True 4K video, KVM and control signals over a single fiber optic cable, extending up to 984ft/300m. The

Signal source preview function, control software can preview the signal screen in real time, detailed rights division control, support multi-user group hierarchical control;

Fiber Optic KVM Seat Control

The fiber optic KVM extenders enable the extension of your console up to 10,000 meters via a fiber connection. The Kinan HDMI KVM extender over fiber offers

The extender enables KVM control over long distances. Keyboard, mouse and monitor do not have to be in the same room as the computer - not even in the

The utility model relates to a kind of KVM seat systems, and in particular to a kind of KVM seat system based on fiber optic communication.

Multi-mode and single-mode models are available with SC, ST, or LC type fiber connectors. Standard fiber count is two, however models with fewer fibers are available. The VelocityKVM System - 5

This HDMI KVM extender kit lets you use a keyboard, mouse and monitor to remotely control any computer over a point-to-point fiber connection. Combined

The VE882 is an Optical HDMI Extender that overcomes the length restriction of standard HDMI cables by using optical fiber to send high definition audio and video signals over...

DisplayPort KVM Extender over Fiber Optic, 4K 60Hz, Console Extender Kit, Up to 984ft/300m (Multi-mode) with Pre-installed SFP+ Modules, 3x USB HID - TAA

KVM seat system generally includes:Distributed input node, KVM switch controller, distributed output node etc. are set It is standby.Its main operational principle is:Video control signal, key mouse

The Fiber Extender is designed to extend signals over Optical Fiber for long-distance transmission. Rextron is good at providing a variety of KVM solutions, including Fiber KVM extenders. Our
