

H3 Industrial-grade Switch

Preview

H3C IE4300 series industrial switches adhere to industrial grade hardware design and adopts highly reliable industrial grade components, while using the highly developed and tested Comware platform to provide a trustworthy Ethernet solution in wide operating temperature scenarios. Home Products and Solutions InterConnect Switches Products Industrial Switches IE Series Switches H3C IE4300 Series Industrial Switches H3C Industrial Ethernet 4300 series switches are H3C's latest industrial Ethernet switches designed for rugged environment and wide operating temperature. H3C. The H3C S12500 series is engineered for WAN, 5G bearer networks, and data center interconnection scenarios, offering unmatched performance, scalability, and intelligence. These rugged devices are designed for industrial use and are fully compatible with IEEE 802. H3C's sub-brand Aolynk, designed specifically for SMB (small and medium-sized business) in global markets. An ultra-compact, palm-sized AI.

The IE4300 switch series adheres to industrial-grade hardware design and

Huawei Ethernet Switches Turbocharge your enterprise network with high-performance, high-availability for resilient services and simplified management.

RG-NIS3100-4GT2SFP-HP True Industrial-Grade Switch Specially Designed for Harsh Environments CCTV, Factory, Coastal Areas,

The USDA created the original food-grade designations H1, H2 and H3, which is the current terminology used. The approval and registration of a new lubricant into

CC-Link IE Field|Peripheral devices|Switch New H3C Technologies Co., Ltd. H3C IE4300 Series Industrial Switches H3C Industrial Ethernet 4300 switch

Build high-availability industrial networks with Hardened Managed Ethernet Switches. EtherWAN hardened L2/L3 switches provide VLAN, QoS, and IGMP

Specification Grade Commercial Switch Features Thread cleaning captive mounting screw Abuse resistant nylon toggle Steel, zinc plated bridge is corrosion resistant

H3-ZF-3 series three phase industrial grade solid state relay set features: Rated operational current: 60-400A; Rated operational voltage: 24

The Westermo range of industrial layer 3 switches provides enhanced routing functionality, all in a robust,

H3 Industrial-grade Switch

single unit design. Our switches offer static routing,

The IE4300 industrial switch series are the latest Ethernet switches developed with industrial compliance and wide operating temperature in mind. All models are

Featuring two standard 10/100BASE-TX RJ-45 ETHERNET ports and four advanced 10BASE-T1L Single Pair Ethernet (SPE) ports, this switch offers maximum

H3C Industrial Ethernet 4300 switch series is H3C's latest industrial Ethernet switches designed for rugged environment and wide operating temperature.

The industrial-grade IE4300 switches meet a wide range of industrial standards and are certified for use in mass transit, smart buildings, and other extreme temperature environments.

H3C industrial switches can operate in -40°C - 75°C environments for a long time, and use industrial components to reach IP40 rating. At the same time, with shockproof, anti-electromagnetic

Explosion-proof Series H3 Explosion-Proof Differential Pressure Switch, heavy duty, industrial unit has a unique new design which provides sensitivity to differential

Moxa's Layer 3 managed switches feature industrial-grade reliability, multicast availability, and security enhancements based on the IEC 62443 standard. We
