

How much does a UK electrical distribution box cost

Article Overview

In the UK, electrical distribution boxes typically range from GBP30 for basic residential units to over GBP500 for advanced commercial or industrial models, with reputable suppliers including CEF, CPC UK, and Amazon UK.

Pricing Overview

- o Residential single-phase boxes: Basic units for home use generally cost GBP30-GBP100, depending on the number of circuits, material quality, and safety features .
- o Three-phase or commercial units: Larger or industrial-grade boxes can range from GBP200-GBP500+, reflecting higher amperage capacity, durability, and advanced features like smart monitoring .
- o Outdoor or weather-resistant enclosures: These carry a premium due to environmental protection, often adding GBP50-GBP150 to the base price .

Reputable UK Suppliers

- o CEF (City Electrical Factors): Offers a wide range of distribution boards, including single-phase and three-phase options, with accessories and mounting solutions. Known for quality and compliance with UK electrical standards .
- o CPC UK (Farnell): Competitive pricing on distribution boxes, including conductive and anti-static options, suitable for industrial and commercial applications .
- o Amazon UK: Provides a variety of brands such as Masterplug and Schneider Electric, suitable for residential and light commercial use. Prices vary by size, color, and stock availability .
- o WhichOne UK: Comparison guide for brands like Masterplug, Schneider Electric, and DRiBOX, helping buyers evaluate features, safety certifications, and cost .

Factors Affecting Cost

- o Voltage and amperage ratings: Higher capacity units cost more.
- o Number of circuits: More circuits increase price.
- o Material and durability: Metal enclosures are more expensive than plastic but offer better protection.
- o Integrated features: Smart monitoring, remote control, and digital displays add to the cost .
- o Installation and compliance: Professional installation and adherence to UK wiring regulations may add to the overall investment.
