

How much does a steel cable tray cost in Jamaica

Article Overview

Steel cable trays in Jamaica, particularly hot-dip galvanized ladder types, are available from local suppliers with prices based on standard lengths of 2.4 meters and per-piece fittings.

Overview of Cable Tray Types and Uses

Steel cable trays are widely used in commercial, industrial, and residential wiring to support electrical cables, power distribution, and communication lines. The most common type in Jamaica is the hot-dip galvanized ladder cable tray, which offers durability, corrosion resistance, and the ability to handle heavy loads . Galvanized trays are also available in various sizes, shapes, and configurations to suit different applications, including construction, industrial plants, and infrastructure projects .

Price Information

- o Standard Ladder Cable Tray (2.4 meters): Prices are typically calculated per standard length of 2.4 meters .
- o Cable Tray Fittings: Items such as bends, tees, reducers, and couplers are priced per piece or unit .
- o Galvanized Options: Galvanized trays are preferred for their resistance to wear, corrosion, and environmental exposure, and prices may vary depending on thickness, width, and load capacity . Exact pricing can fluctuate based on supplier, quantity, and customization requirements. For example, Jeetmull Jaichandlall (P) Ltd. is a leading manufacturer and supplier in Jamaica, offering high-quality galvanized cable trays tailored to industry needs . LS Duhaney & Co Ltd also distributes electrical materials, including cable trays, at competitive prices for commercial and industrial projects .

How to Purchase

- o Local Suppliers: Contact Jeetmull Jaichandlall or LS Duhaney for quotations and bulk orders .
- o Online Listings: Websites like TheProjectEstimate.com provide price references for standard hot-dip galvanized ladder trays and fittings .
- o Customization: Many suppliers can cut, shape, or configure trays to meet specific project requirements. For accurate budgeting, it is recommended to request a formal quotation from suppliers, specifying the tray type, length, and quantity needed. This ensures you receive the most up-to-date pricing and availability in Jamaica.
