

How to make a small bend in a cable tray

Preview

You can buy a manufactured 90 degree bend or make one on a cable tray bending machine but in this video I show you how to make one using a metal bar. Since the jaws of the bolt cutter drags a layer of zinc across the cut end and forms a protective layer. To remove the lip we can use a small hand grinder (B) or a file (C), but care must be taken when.
