This unmanaged industrial ETHERNET switch (852-103/000-001) has eight Fast Ethernet ports and 2 SFP slots (1000BASE modules / speed setting with DIP switch) for easily setting up small- to medium-sized networks. Its slim design paired with a DIN-rail adapter simplifies. Build a flexible, future-ready network with Teltonika's rugged managed and unmanaged Ethernet switches. With features like PoE, SFP ports, and industrial protocols support, these switches ensure robust and scalable network infrastructure. Check the catalogue to find the switch that fits your. SKAIDULA, JSC is authorized distributor of Antaira Technologies in Lithuania and Latvia. Polarity Reverse Protection Support positive and negative polarity reverse connection protection, if the connection is wrong, the device will not be damaged. Switch is managed through the web and the cloud (Teltonika RMS application). The device is perfect to build a network of IP cameras with power supply in the PoE 802.3at. Ports: 8x 10G RJ45 Ethernet and 4x 10G Combo SFP+ ports. Performance: 240 Gbps switching capacity & 178 Mpps forwarding rate. 2-Year Warranty for all clients.

Buy Single Mode & Multi Mode - SFP Transceiver Modules for LAN Switches in our webshop: Personal advice Fast shipping shipping europe-wide

At the Klaipeda Port Telia is set to trial Lithuania's first 5G standalone (SA) network. The tests will enable the Klaipeda State Seaport Authority and companies operating in the port to

Ports: 8x 10G RJ45 Ethernet and 4x 10G Combo SFP+ ports. Performance: 240 Gbps switching capacity & 178 Mpps forwarding rate. Design: 1U rackmount chassis with dual power supply for

Telia Lithuania tests the country's first private 5G SA network at Klaipeda Port -- boosting connectivity for critical infrastructure.

The HPE Aruba 2930F 24G PoE+ 4SFP is a high-performance managed Layer 3 switch featuring 24 PoE+ Gigabit ports and 4 SFP uplinks, delivering up to 370W power budget.

The Catalyst 6800IA switches are Ethernet switches to which you can connect devices such as Cisco IP Phones, Cisco Wireless Access Points,

The Zyxel XGS1935-28 provides a switching capacity of 128 Gbps and a forwarding rate of 95.2 Mpps, ensuring it can handle high data traffic efficiently while maintaining low latency.

An introduction to SFP ports on a Gigabit switch SFP ports enable Gigabit switches to connect to a variety of fiber and Ethernet cables and extend switching functionality throughout the

Draugiskiausias Kompiuterines Ir Skaitmenines Technikos Prekybos Tinklas. Platus prekiu pasirinkimas. Patrauklios kainos. Saugus ir greitas apsipirkimas. Uzsukite

Devices of this type can be used in installations realized in industrial facilities in harsh environmental conditions like high or low temperature. The Teltonika TSW202 switch has a 2-pin industrial power

The 9424T is a Gigabit Ethernet Layer 3 standalone switch with 20 x 10/100/1000T ports and 4 x SFP bays.

A Gigabit SFP switch is a network switch that primarily operates at 1 Gigabit per second and is equipped with Small Form-Factor Pluggable (SFP) ports, which are hot-swappable interface

Discover what an SFP port on a Gigabit switch is, types of SFP ports, their differences from RJ45 ports, benefits, use-case examples, and future trends.

Shop TP-Link TL-SG2210MP | Jetstream 10 Port Gigabit Smart Managed PoE switch | 8 PoE+ Ports @ 150W, 2 SFP Slots | Omada SDN Integrated | PoE Recovery | IPv6 | Static Routing | Limited Lifetime

Features: Duplex LC optical connector Small Form-Factor Pluggable (SFP) industry-standard design Compliant with Fast ETHERNET standard Differential LVPECL inputs and outputs Power supply: 3.3

Antaira's product lines range from industrial Ethernet switches, industrial wireless devices, Ethernet media converters, and serial communication devices with up to
