The 01 ER December 2025, Orange Madagascar has inaugurated a new fiber optic link 558 km. This is between Antananarivo and Mahajanga. It strengthens the national network and secures communications in the Northern region. Positive developments in the internet and broadband sector are also the result of the first international submarine fibre optic cables, LION and EASSy on the island in 2009 and 2010. Madagascan operator Telma and global operator Vodafone joined forces to connect Madagascar to 2Africa this. A fourth mobile operator, Blueline, now operates its own network having been an MVNO since 2010. Our mission is to ensure that all Malagasy citizens become full citiz g to Madagascar's influence.

Also, for the second straight series, the Pistons will host a Game 7, this time on Sunday. While we saw a far more balanced Detroit offense on Friday night, this is still Cade Cunningham's
