

## Article Overview

Morocco has several reputable network cabinet manufacturers and distributors, including NEXAGLOBE, DIGITAL MEDIA LAND, and Karamcasa, offering a range of IT infrastructure solutions.

## Key Manufacturers and Suppliers

1. NEXAGLOBE NEXAGLOBE is a multidisciplinary IT solutions company and network integrator based in Morocco. They provide full turnkey network solutions, including structured cabling, network cabinets, and data center infrastructure. Their services cover design, installation, commissioning, and maintenance, making them suitable for large enterprises, utilities, defense, and government organizations . 2. DIGITAL MEDIA LAND (DML) DML offers high-quality 6U network cabinets made from steel with electrostatic paint, tempered glass doors, and adjustable mounting profiles. Their cabinets are compatible with 19-inch standard equipment and feature removable side panels for easy installation and maintenance. DML is based in Casablanca and focuses on durable, professional-grade network enclosures . 3. Karamcasa Karamcasa provides network cabinets and racks in Morocco, catering to IT infrastructure needs. While their website content is limited, they are listed as a local supplier for network enclosures and related equipment . 4. SOFA Maroc Although primarily a distributor of electrical and security equipment, SOFA Maroc also supplies network-related hardware and solutions, making them a potential source for network cabinets and associated IT infrastructure . 5. Professional Directories For a broader search, Kerix.net lists over 20,000 Moroccan companies, including suppliers of network cabinets and IT equipment. This platform allows filtering by product type, location, and company size, which can help identify additional manufacturers or distributors .

## Considerations When Choosing a Supplier

- o Quality and durability: Look for cabinets with steel construction, tempered glass doors, and adjustable mounting rails.
- o Turnkey services: Companies like NEXAGLOBE offer end-to-end solutions including installation and maintenance.
- o Local availability: Suppliers in Casablanca or major Moroccan cities can reduce shipping costs and lead times.
- o Compliance and standards: Ensure cabinets meet 19-inch rack standards and other relevant IT infrastructure norms. By exploring these manufacturers and distributors, you can find network cabinets suitable for enterprise, data center, or telecom applications in Morocco.
