

Article Overview

The 2-core fiber optic distribution box in Nepal is a compact, durable solution for managing and protecting fiber connections, ideal for small-scale FTTH installations.

Product Overview

The BUD Industries FBR-11604 2 Core Fiber Optic Distribution Box is a popular option in Nepal, designed for both professional installers and DIY users. It measures 6.57 x 4.02 x 1.22 inches, providing a compact solution for organizing fiber optic cables in small spaces. The box supports SC and LC duplex adapters and pigtails, and its fully enclosed structure protects cables from dust and minor environmental factors .

Features

- o Capacity: 2 cores, suitable for small businesses or home FTTH setups .
- o Integration: Combines fiber splicing, fixation, storage, and distribution in one unit .
- o Material: Made from durable ABS, offering waterproof, dust-proof, and anti-aging properties .
- o Installation: Can be wall-mounted or pole-mounted, suitable for indoor and outdoor use .
- o Cable Management: Includes clamps for feeder and drop cables, separate paths for pigtails and patch cords, and a flippable distribution panel for easy maintenance .
- o Compatibility: Works with 5-10 mm cable ports, including indoor 2x3 mm FTTH drop cables and outdoor figure-8 self-supporting drop cables .

Use Cases

- o Homeowners: Ideal for setting up high-speed fiber internet connections.
- o Small Businesses: Efficiently manages fiber connections without extensive infrastructure.
- o Technicians: Provides a reliable method for organizing fiber connections during installations .

Availability in Nepal

These distribution boxes can be purchased online through platforms like Ubuy Nepal and Daraz.com.np, offering convenient delivery options . Local suppliers such as Technovate International Pvt. Ltd. also provide fiber optic products and solutions for ISPs and cable operators in Nepal .

Considerations

- o Limited to 2 cores, so it is not suitable for large-scale or high-capacity fiber networks.
- o Primarily designed for indoor use, though some models support outdoor installation with proper protection .
