

Article Overview

Fiber optic pigtails are available from multiple suppliers offering single-mode, multimode, and various connector types for splicing and network applications.

Recommended Suppliers

- o FS (Fiberstore) FS offers a wide range of fiber optic pigtails suitable for field splicing and network installations. Their products are fully manufactured and tested to industrial standards, ensuring reliability for both single-mode and multimode applications . You can browse their selection and purchase directly from their website.
- o Cables for Less This supplier provides fiber pigtails in multiple fiber types, including single-mode and multimode, with connectors such as LC, ST, and SC. They also offer UPC and APC pigtail cords, allowing customization for specific network requirements .
- o CablesPlusUSA Offers pigtails optimized for OS1 single-mode and OM1-OM5 multimode fibers. They provide bundles of ST, FC, and other connectors, suitable for LAN/WAN networking, CATV, and fusion splicing applications .
- o Fosco Connect Fosco Connect sells high-quality pre-terminated 900um optical fiber pigtails with LC, SC, and ST connectors. They offer single-mode, multimode, and 10G OM3/OM4 fibers, ideal for high-speed network setups .
- o Leviton Network Solutions Leviton provides fiber optic pigtail kits for mechanical or fusion splicing, available in single-mode and multimode fibers with SC, ST, or LC connectors. They offer both premium low-insertion-loss pigtails and economy options with same-day shipping for orders placed before noon Pacific Time .

Tips for Choosing Fiber Pigtails

- o Fiber Type: Select single-mode for long-distance transmission and multimode for shorter distances or high-speed LAN applications.
- o Connector Type: Match the connector (LC, SC, ST, FC) to your existing network equipment.
- o Fiber Standard: Consider OM3/OM4 for 10G or higher-speed networks.
- o Pre-Terminated vs Bulk: Pre-terminated pigtails save installation time, while bulk pigtails allow custom lengths. These suppliers provide reliable options for purchasing fiber optic pigtails suitable for professional networking, telecommunications, and data center applications.
