

# Pole-mounted optical cable splice box price quote

## Article Overview

Pole-mounted optical cable splice boxes are available starting from approximately US\$10 per piece, with prices varying based on capacity, material, and supplier.

## Pricing Overview

- o Entry-level enclosures: Some suppliers, such as HX-Optical, offer FTTH 24/48 core dome fiber optic splice enclosures for US\$10 per piece, with additional costs for shipping and delivery time negotiation .
- o High-capacity or industrial-grade enclosures: Enclosures like AFL's SB01 splice enclosure support up to 144 fibers and are constructed from high-impact Lexan(R) or steel for extreme durability. Pricing for these units is typically higher and depends on customization, quantity, and shipping .
- o Stock vs. customizable options: Standard stock enclosures are ready for quick shipment and fit common configurations, while customizable enclosures (e.g., different fiber strand counts, tray configurations, or IP68-rated weatherproofing) may increase the cost .

## Features Affecting Price

- o Fiber capacity: Ranges from 1 to 144 fibers; higher capacity generally increases cost .
- o Material and durability: Options include engineering plastics, Lexan(R), or steel, with IP65-IP68 ratings for outdoor weather resistance .
- o Mounting options: Pole-mounted, wall-mounted, or aerial enclosures; pole-mounted units may include brackets or pre-mounted kits .
- o Security and management: Lockable enclosures, splice tray compatibility, and internal cable management features can affect pricing .

## Supplier Options

- o HX-Optical (Made-in-China): Offers low-cost pole-mounted enclosures starting at US\$10 per piece, suitable for small-scale or sample orders .
- o AFL Global: Provides robust, high-capacity enclosures like the SB01, ideal for utility or industrial installations, with pricing dependent on specifications and order volume .
- o Lanshack: Offers a range of stock and customizable fiber optic splice enclosures with pole-mounting options, suitable for both indoor and outdoor applications .
- o Fiber Savvy: Specializes in pole-mount kits for fiber networking installations, often with bundled accessories for installation .

## Recommendation

## Pole-mounted optical cable splice box price quote

For a budget-friendly option, consider the HX-Optical 24/48 core dome enclosure. For high-capacity or industrial-grade installations, AFL's SB01 or Lanshack's customizable enclosures provide enhanced durability and fiber management. Always confirm shipping costs, delivery times, and compatibility with your fiber network before placing an order.
