

Price of 304 Stainless Steel Outdoor Distribution Box

Article Overview

The price of a 304 stainless steel outdoor distribution box typically ranges from \$50 to \$250 depending on size, features, and supplier.

Price Overview

- o Amazon listings for 304 stainless steel control cabinets show prices generally starting around \$80-\$150 for medium-sized boxes (e.g., 30 x 25 x 16 cm) with rainproof design, insulation plates, and high-quality lock cylinders suitable for indoor and outdoor use .
- o AliExpress offers similar 304 stainless steel outdoor distribution boxes with prices starting as low as \$50-\$100, often including free worldwide shipping and complete sets of distribution cabinets .
- o Alibaba suppliers provide factory-direct pricing for bulk orders or customized sizes, with prices ranging from \$100 to \$250 depending on dimensions, thickness, and additional features like double doors, heat dissipation, and waterproof sealing .
- o Specialized suppliers like Ebuy7 offer multiple specifications (e.g., 300x250x160 mm, 400x300x200 mm, 500x400x200 mm) with customization options, and prices vary according to size and configuration .

Factors Affecting Price

- o Size and Dimensions - Larger boxes with more internal space cost more.
- o Waterproofing and Dustproof Features - Double-sloped roofs, sealing strips, and drainage holes increase durability and price.
- o Material Quality - 304 stainless steel is corrosion-resistant, and polished finishes or reinforced hinges add to cost.
- o Customization - Non-standard sizes or additional features like multiple doors, heat dissipation holes, or special locks can increase the price.
- o Supplier and Shipping - Prices vary between retail platforms (Amazon, AliExpress) and factory-direct suppliers (Alibaba), with bulk orders often reducing per-unit cost.

Recommendation

For individual or small-scale purchases, Amazon or AliExpress provides convenient options with ready-to-ship products in the \$50-\$150 range. For bulk or customized orders, contacting manufacturers on Alibaba or specialized suppliers can provide competitive pricing and tailored specifications, typically \$100-\$250 per unit depending on features and size . This range gives a practical estimate for budgeting and comparison when selecting a 304 stainless steel outdoor distribution box.
