

Price of Trapezoidal Stainless Steel Cable Trays

Article Overview

The price of trapezoidal stainless steel cable trays varies widely depending on size, grade, and supplier, typically ranging from GBP50 to GBP200 per meter for standard configurations.

Factors Affecting Price

- o **Material Grade:** Stainless steel trays are commonly available in 304 and 316 grades. Grade 316 offers superior corrosion resistance, especially for outdoor or marine environments, and is generally more expensive than 304 .
- o **Tray Dimensions:** Widths can range from 50mm to 900mm, and lengths are usually 2-3 meters per section. Larger widths and longer sections increase material costs .
- o **Tray Type and Design:** Trapezoidal or wire mesh designs affect pricing. Trapezoidal trays provide structural rigidity and are often used in heavy-duty industrial applications, which can increase cost compared to standard basket or perforated trays .
- o **Load Capacity:** Light, medium, and heavy-duty trays are available. Heavy-duty trays designed for high cable loads or industrial environments are priced higher .
- o **Accessories and Installation:** Couplers, bends, tees, risers, and mounting hardware add to the overall cost. Some suppliers offer complete kits for easier installation .
- o **Supplier and Delivery:** Prices vary by supplier and region. UK suppliers like RS Components, Direct Channel, and Cable Joints provide fast delivery and trade pricing for bulk orders .

Typical Price Range

- o Small, light-duty 100mm trays (3m length, 304 stainless steel): approximately GBP50-GBP70 per section .
- o Medium-duty 300-450mm trays (3m length, 304 or 316 stainless steel): approximately GBP100-GBP150 per section .
- o Heavy-duty or large-width trays (600-900mm, 316 stainless steel): can reach GBP180-GBP200+ per section .

How to Obtain Accurate Pricing

Since prices fluctuate based on specifications, quantity, and supplier, it is recommended to:

- o Contact suppliers directly for quotes, especially for bulk or custom trapezoidal trays.
- o Specify grade, width, length, and load requirements to get precise pricing.
- o Ask about delivery times, trade discounts, and installation accessories. Suppliers such as RS Components, Direct Channel, Cable Joints, and Ekabel24 provide detailed datasheets and can offer tailored quotes for trapezoidal stainless steel cable trays .
