

Price of concealed electrical distribution boxes on exterior walls

Preview

Junction box costs range from low-price indoor models (\$10-\$60) to weatherproof units (\$70-\$450), with installation averaging \$100-\$300 depending on location and materials. The final price depends not only on the box itself, but also on. These heavy-duty junction boxes provide a high-impact, UL-certified sanctuary for your critical connections. Whether it's a professional security array or a custom RV setup, get the rugged durability your projects demand. Browse our durable lineup of outdoor electrical enclosures designed to protect sensitive components from rain, dust, UV exposure, and harsh environmental conditions. These enclosures are used to house electrical connections, switches, sockets, and outlets, ensuring safety, organization, and compliance with building codes. Designed to meet NEMA and IP ratings, our waterproof junction boxes are ideal for outdoor use but versatile enough for indoor applications too.
