

Price quote for 10 Gigabit multimode optical modules

Article Overview

10G multimode SFP+ optical modules typically range from \$50 to \$120 per unit, depending on brand, specifications, and purchase quantity.

Overview

10 Gigabit multimode optical modules, also known as 10GBASE-SR SFP+ transceivers, are designed for high-speed Ethernet and Fibre Channel applications over multi-mode fiber (MMF). They generally support link distances up to 300 meters using OM3 fiber and operate at a wavelength of 850 nm with duplex LC connectors ().

Pricing Examples

- o FS.com offers a variety of 10G SFP+ modules with competitive pricing and fast shipping from nearby warehouses ().
- o Cables on Demand provides Amphenol 10GBASE-SR multimode SFP+ modules, compatible with Cisco, HP, and Brocade equipment, typically priced in the \$60-\$100 range per unit depending on volume ().
- o Ubiquiti 10G Multi-Mode SFP+ modules (model UACC-OM-MM-10G-D-2) are sold in packs of 20, which can reduce the per-unit cost to approximately \$50-\$60 each when purchased in bulk ().
- o eBay listings for single or multi-unit purchases show prices ranging from \$50 to \$120 per module, with free shipping often included ().

Key Considerations

- o Compatibility: Ensure the module is compatible with your network equipment (Cisco, HP, Brocade, Ubiquiti, etc.) ().
- o Distance Requirements: Multimode modules are ideal for short-range connections (up to 300 meters), while single-mode modules are needed for longer distances.
- o Bulk Purchase: Buying in packs (e.g., 10 or 20 units) can significantly reduce the per-unit cost.
- o Warranty and Returns: Vendors like FS.com offer a 30-day free return policy, which can be useful for testing compatibility (). For an accurate price quote, it is recommended to contact the vendor directly with the desired quantity, model, and delivery location, as prices may vary based on stock availability and shipping.

10GBASE-SR SFP+ to LC Optical 10 Gigabit Ethernet Fiber transceiver module, 10GbE Multimode SFP+ (compatible with both

About this item 10GBase-SR SFP+: 10 Gigabit Ethernet Multimode SFP+ Module, 10 Gb/s, 850nm

Product Description High-Performance 10Gbps SFP+ to LC Multimode Fiber Transceiver This 10Pack 10 Gigabit

As network speeds continue to increase across data centers and enterprise infrastructures, 10-Gigabit Ethernet SFP+ transceiver that supports 10G connections up to 400 m using multi-mode fiber with a duplex LC UPC connector.

The XG-SFP-SR-MM850 is aligned to IEEE 10GBASE-SR optical specifications and supports a link length of up to 300 m (984.25 ft.,

Quickly configure your fiber optic network with the UACC-OM-MM-10G-D 10G SFP+ Multi-Mode Optical Module. Each multi-mode

Yunsufiberpro 5-Pack Tighter Bend Radius Multimode Duplex OM3 Fiber Cable 10 Feet / 3m (40Gb 10Gb, LC to LC, 50/125 Fiber
