## Article Overview

Fiber optic pigtails range from around \$1.92 for single-mode simplex units to \$80 for 12-fiber multimode OM4 pigtails, depending on fiber type, connector, and length.

## Price Overview by Fiber Type and Connector

- o Single-Mode (OS1/OS2) Pigtails: Simplex 1-meter LC or SC UPC pigtails start at \$1.92-\$2.10 per unit (FS, Fibertronics) and 12-fiber 3-meter packs range from \$32-\$50 (Fibertronics, eBay, Cables for Less) depending on whether they are jacketed or unjacketed and the connector type (UPC or APC) .
- o Multimode (OM1/OM2/OM3/OM4/OM5) Pigtails: Single-fiber LC or SC pigtails typically cost \$2.02-\$2.87 for 1-2 meters (Fibertronics, Cables Plus USA), while 12-fiber OM3/OM4 3-meter pigtails are priced around \$29-\$79 depending on jacket type and connector (Fibertronics, FS, eBay) .
- o High-Density or Multi-Fiber Pigtails: 12-fiber or 24-fiber bundles with LC, SC, or ST connectors can range from \$18-\$80 for 1.5-3 meters, with higher prices for OM4/OM5 or pre-terminated, color-coded, and jacketed versions (FS, Fibertronics, Amazon) .
- o Specialty Connectors: APC-polished connectors (SC/APC, LC/APC) generally cost slightly more than UPC versions, typically \$1.98-\$2.44 for single-fiber pigtails and \$32-\$50 for 12-fiber 3-meter packs (Fibertronics, FS) .

## Key Factors Affecting Price

- o Fiber Mode: Single-mode pigtails are generally slightly cheaper per fiber than multimode OM3/OM4/OM5 pigtails.
- o Connector Type: APC connectors cost more than UPC due to angled polish for lower back reflection.
- o Fiber Count: Multi-fiber pigtails (12, 24, or more) increase the price proportionally.
