Huawei S5700-48TP-PWR-SI supports 20 PoE+ 10/100/1000BASE-T ports and 4 combo ports (10/100/1000BASE-T (PoE+) + 100/1000BASE-X). It has no Power supply, needs to purchase additional power W0PSA5000. Figure 1 shows the appearance of Huawei S5700-24TP-PWR-SI switch. Table 1. Huawei S5700 series Ethernet switches are next-generation energy-saving GE switches designed to provide high-bandwidth access and Ethernet multi-service aggregation. Based on cutting-edge hardware and Huawei Versatile Routing Platform (VRP) software, the S5700 provides a large switching capacity. The product adopts a new generation of high - performance hardware and software platform, provides flexible and cost - effective full-gigabit access and uplink ports. Huawei S5700-28P-PWR-LI-AC is Layer 2 Ethernet Stackable Switch, supporting 24 x PoE+ 10/100/1000BASE-T ports and 4 x GE SFP Ports.

Overview Huawei S5700-28P-PWR-LI-AC is Layer 2 Ethernet Stackable Switch, supporting 24 x PoE+ 10/100/1000BASE-T ports and 4 x GE SFP Ports.

S5700-LI Switch Datasheet (Detailed Version) S5700-LI Switch Datasheet (Detailed Version) 1 Introduction The S5700-LI is a next-generation energy-saving gigabit Ethernet switch that provides

The Huawei S5700 Series encompasses a range of switches tailored for different network tiers, including the S5700-28C-EI, S5700-52C-EI, and PoE-enabled

The S5700-LI-BAT series switches have a built-in AC power supply unit and can use a pluggable power module or battery for power redundancy. Power modules and batteries for the S5700-LI-BAT series

Product Overview The S5700-EI series gigabit enterprise switches (S5700-EI) are next-generation energy-saving switches developed by Huawei to meet the demand for high-bandwidth access and

Best price for original new Quidway S5700-52P-PWR-LI-AC switch at Router-Switch.com, buy brand new Huawei S5700 layer 3 PoE switch in stock; ship to

S1720, S2700, S5700, and S6720 V200R011C10 Configuration Guide - Device Management This document describes the principles and configurations of the Device Management features, and

Ethernet Switch Bauart Rack-montierbar, 1U Data Link Protocol Ethernet, Fast Ethernet, Gigabit Ethernet Datenübertragungsrate (Ethernet) 1 Gbps, 100 Mbps

robust security, high stacking bandwidth, and PoE+ support.

Huawei S5700-28P-PWR-LI-AC offers 24xGE PoE+ and 4xSFP for campus and SMB access, simplifying IP phone and AP power wiring. Order online now.

The product adopts a new generation of high - performance hardware and software platform, provides flexible and cost - effective full-gigabit access and uplink ports.

The product adopts a new generation of high- performance hardware and software platform, provides flexible and cost- effective full-gigabit access and uplink ports.

Deploy Huawei S5700-52C-PWR-SI with 48xGE PoE+ and 500W AC for dense access, IP phones and APs. Simplify wiring, cut power cabling, ensure stable

Product Details Figure 2 shows the front panel of Huawei S5700-52C-PWR-EI switch with installed sub-card.

If multiple PoE interfaces have the same priority, PoE switches provide power to PDs connected to the interfaces in the sequence in which PDs are connected to them.

The S5700-52X-PWR-LI-AC has a built-in power module and does not support pluggable power modules. It can provide PoE power supply and connect to an RPS1800 power supply for power
