

Article Overview

Several reputable suppliers in Singapore provide power distribution boxes, including Asiatic Group, Lim Kim Hai Electric, Asiatec, E-Technik Synergie, and Raptor Supplies.

Key Suppliers and Offerings

1. Asiatic Group Asiatic Group offers a wide range of enclosures and distribution boards suitable for residential, commercial, and industrial applications. Their products include thermoplastic and polycarbonate distribution boxes with IP65-IP67 protection, UV resistance, and flame-retardant properties. They provide solutions for outdoor, hazardous, and marine environments, as well as solar PV distribution boards and modular Mi distribution boards up to 630A . 2. Lim Kim Hai Electric Located at 53 Kallang Place, Lim Kim Hai Electric distributes distribution boards from reputable brands such as ABB and Schneider Electric. They cater to various applications, providing protective enclosures with circuit breakers and fuses for safe power distribution . 3. Asiatec Singapore Asiatec specializes in starter panels and distribution boards, offering engineering design, customization, repair, and renewal services. Their team assists contractors in tailoring panels to specific project requirements, ensuring compliance and reliability . 4. E-Technik Synergie E-Technik Synergie provides industrial-grade overground (OG) power distribution boards, including steel and polycarbonate enclosures, tap-off units, and solar outdoor AC distribution boxes. They also offer design, repair, servicing, and preventive maintenance for commercial and industrial installations . 5. Raptor Supplies (CEP Power Distribution Boxes) Raptor Supplies offers a variety of CEP power distribution boxes, including stainless steel and steel models with different amperage ratings, inlet types, and cord lengths. They provide delivery across Singapore, Malaysia, and Indonesia, and support online ordering or quote requests .

Installation and Maintenance Services

Several companies also provide professional installation and maintenance services for distribution boxes:

- o Local Service Pte Ltd and Nation Electric offer full installation, replacement, and maintenance services, ensuring compliance with Singapore's electrical codes and safety standards .
- o Lito Electrical Services and Electrical Services Singapore provide DB box installation, repair, and rewiring for residential and commercial properties, including single-phase and three-phase systems .

Considerations for Choosing a Supplier

- o Compliance: Ensure the supplier's products meet local standards set by the Energy Market Authority (EMA) and Building and Construction Authority (BCA).
- o Customization: Some suppliers offer modular or customizable boards to match specific load requirements.

- o Environment: Choose enclosures suitable for indoor, outdoor, or harsh industrial conditions.
- o Support: Consider suppliers that provide installation, maintenance, and emergency repair services. These suppliers collectively cover a wide range of needs, from standard residential DB boxes to industrial and solar power distribution solutions, ensuring safe and reliable electrical distribution in Singapore.
