

Article Overview

Sompack and Som Plastic Industry are key manufacturers in Somalia that can supply boxes suitable for garden and agricultural distribution needs.

Sompack

Sompack is a leading provider of packaging solutions in Somalia, offering a wide range of boxes, containers, and paper products that meet high-quality standards. While primarily focused on packaging, their expertise in producing durable boxes and containers makes them a potential source for garden distribution boxes. Sompack emphasizes sustainability, using eco-friendly materials and promoting recycling, which may be beneficial for environmentally conscious agricultural projects.

Som Plastic Industry

Som Plastic Industry, based in Mogadishu, is a pioneering plastic manufacturer. They produce various plastic products, which could include modular or durable plastic boxes suitable for garden distribution, irrigation systems, or greenhouse applications. Their local presence ensures easier access for Somali businesses and farms needing reliable containers.

Gob Distributors

Gob Distributors operates as a distribution hub, connecting manufacturers and retailers across Somalia. While they may not manufacture boxes directly, they can help source garden distribution boxes from local manufacturers like Sompack or Som Plastic Industry, providing a convenient channel for bulk orders and delivery.

Recommendations

- o Contact Sompack to inquire about custom or standard boxes suitable for garden use, including size, material, and durability options.
- o Explore Som Plastic Industry for plastic-based distribution boxes that can withstand outdoor conditions.
- o Use Gob Distributors to source boxes from multiple manufacturers efficiently, especially for larger-scale agricultural projects. These companies collectively provide a strong starting point for sourcing garden distribution boxes in Somalia, whether for small-scale gardening, commercial farms, or greenhouse operations.
