

What are some Thai manufacturers of fire-resistant cable trays

Article Overview

Niedax Thailand, Chemitech Group, and Unicomposite are leading Thai manufacturers of fire-resistant cable trays.

Key Manufacturers

1. Niedax Thailand Niedax Thailand specializes in a wide range of cable management systems, including GRP (Glass-Fibre Reinforced Polyester) cable trays, which offer excellent fire resistance, corrosion protection, and long-term durability. Their products include cable ladders, wire mesh trays, and non-perforated trays suitable for industrial, commercial, and infrastructure projects. They provide solutions for severe environmental conditions and heavy-duty applications, ensuring mechanical and electromagnetic compatibility for power and data cables . 2. Chemitech Group Chemitech Group is a prominent FRP cable tray manufacturer in Thailand. Their trays are made from high-quality fiberglass and UV-stabilized resin, providing resistance to high temperatures, UV light, and chemicals. These fire-resistant trays are suitable for both commercial and complex industrial installations, offering lightweight yet strong support for large cable loads. Chemitech emphasizes precision manufacturing to meet modern industry standards . 3. Unicomposite Unicomposite produces fiberglass cable trays and ladder trays designed for fire resistance, corrosion resistance, and long lifespan (over 30 years). Their trays are widely used in petroleum, chemical, power, and telecommunications industries. The material is lightweight, does not rust, and maintains structural integrity under high temperatures and impact. Unicomposite offers a variety of resin systems and tray configurations to meet specific project requirements .

Additional Options

Other Thai companies, such as KMC Industrial Works Co., Ltd, also manufacture cable trays and support systems, including fire-resistant options, and comply with international standards like ISO 9001 and IEC specifications .

Summary

For fire-resistant cable trays in Thailand, Niedax Thailand, Chemitech Group, and Unicomposite are reliable manufacturers offering GRP or FRP solutions suitable for industrial, commercial, and infrastructure applications. These companies provide durable, corrosion-resistant, and high-temperature-resistant cable management systems tailored to various project needs.
