

Where are the fiber optic cable splicing manufacturers in India

Article Overview

India hosts a range of fiber optic cable splicing manufacturers and equipment suppliers across major states including Maharashtra, Delhi NCR, West Bengal, Uttar Pradesh, and Rajasthan.

Key Manufacturers and Suppliers

- o Aksh Optifibre Limited - Established in 1994, Aksh Optifibre is a leading manufacturer of optical fiber and fiber optic cables, including aerial, duct, armored, and FTTH drop cables. They also produce FRP rods, a key raw material for optical cables, and serve clients globally .
- o Relemac Technologies Private Limited - Founded in 1993, Relemac manufactures a wide range of fiber optic cables, including single-mode, multi-mode, armored, and unarmored types. They cater to both standard and customized requirements and are prominent exporters .
- o M-core Industries Private Limited - Specializes in fiber optic cables, coaxial cables, and networking products, operating primarily from North West Delhi .
- o FIBROS TECHNOLOGY - Offers fiber optic splicing machines, patch cords, joint closure boxes, and termination tool kits. They serve both domestic and international markets and focus on innovative solutions for fiber optic deployment .
- o Teledata Informatics Ltd. - Provides comprehensive fiber optic services including design, installation, maintenance, termination, splicing, testing, and certification for indoor and outdoor networks .
- o Netlink ICT Private Limited - Manufactures FTTH products, GPON/GEAPON systems, fiber distribution boxes, and patch cords, supporting secure and efficient connectivity .
- o STL Tech (Sterlite Technologies) - A major player in optical fiber communications, offering FTTx network components, 4G/5G solutions, and integrated fiber optic systems .

Locations

Fiber optic splicing manufacturers and service providers are concentrated in Maharashtra, Delhi NCR, West Bengal, Uttar Pradesh, and Rajasthan, with many companies also serving pan-India and international markets .

Services and Equipment

These manufacturers not only produce fiber optic cables but also provide splicing machines, joint closures, patch cords, and termination kits. Services include fusion splicing, mechanical splicing, network installation, and maintenance, ensuring minimal signal loss and high-quality data transmission .

Summary

India's fiber optic industry is supported by a robust network of manufacturers and service providers offering

Where are the fiber optic cable splicing manufacturers in India

cables, splicing equipment, and installation services. Companies like Aksh Optifibre, Relemac, FIBROS TECHNOLOGY, and STL Tech are key players, with operations concentrated in major industrial and metropolitan regions, making India a significant hub for fiber optic infrastructure development .
