

Article Overview

Zheng'an stainless steel cable trays typically start around \$0.8 per unit, with prices varying based on material grade, tray type, and order volume.

Price Overview

Zheng'an stainless steel cable trays are available in grades 304, 316, and 430, which influence durability and corrosion resistance, and therefore the price. Basic trays start at approximately \$0.8 per unit for bulk purchases, with higher-end or customized trays costing more. Prices can also vary depending on whether the tray is ladder, mesh, or solid-bottom, and whether it is hot-dip galvanized or zinc-plated for industrial applications.

Purchasing Options

- o Wholesale and bulk orders: Buying directly from verified suppliers or factory distributors can reduce costs significantly.
- o OEM customization: Zheng'an trays can be tailored to specific dimensions or load capacities, which may affect pricing.
- o B2B marketplaces: Platforms like Europages and Alibaba list multiple suppliers, allowing direct contact for quotes and volume discounts.

Factors Affecting Price

- o Material grade: 316 stainless steel is more corrosion-resistant than 304 or 430, increasing cost.
- o Tray type and size: Ladder trays are generally more expensive than mesh trays due to material usage.
- o Surface treatment: Galvanized or zinc-plated finishes add to the price.
- o Order quantity: Larger orders often qualify for bulk discounts.
- o Customization: Special dimensions or load ratings can increase unit cost. For accurate pricing, it is recommended to request a quote from Zheng'an suppliers or check factory-direct listings on platforms like Alibaba or Made-in-China, specifying the tray type, material grade, and quantity required. This ensures the price reflects current market conditions and any applicable discounts.
