

Article Overview

Key manufacturers and suppliers of low-voltage distribution boxes in Zimbabwe include Haivol Electrical, Uniscott Electrical Contractors, and Sona Solar Zimbabwe.

Haivol Electrical

Haivol Electrical, operating under Max Haivo Electrical and Hardware (Pvt) Ltd, is a prominent distributor of power transmission and distribution equipment in Zimbabwe. They supply a wide range of low and medium voltage equipment, including surge arrestors, insulators, fuse cutouts, and complete low-voltage distribution boxes suitable for industrial, domestic, mining, and agricultural applications. Their products are recognized for high standards and reliability, and they also provide transportation and crane hire services for equipment delivery.

Uniscott Electrical Contractors

Uniscott Electrical Contractors is a wholly Zimbabwean company specializing in both high-voltage and low-voltage electrical products. They offer a comprehensive range of electrical materials, tools, and hardware, including low-voltage distribution boxes. Uniscott also provides technical support, after-sales service, and expertise in electrical engineering projects, making them a reliable partner for both supply and installation of low-voltage distribution systems.

Sona Solar Zimbabwe

Sona Solar Zimbabwe focuses on renewable energy solutions but also supplies PVC and metal distribution boxes for MCB circuit breakers and other low-voltage applications. Their products are suitable for homes, businesses, and industrial setups, and they provide professional installation services across major cities like Harare, Mutare, and Chitungwiza. Sona Solar is particularly useful for solar-powered systems requiring integrated low-voltage distribution solutions.

Additional Options

For bulk purchases or customized low-voltage distribution boxes, platforms like TradeKey list verified suppliers in Zimbabwe. These suppliers offer metal and fiber-optic distribution boxes, with options for AC220V/240V systems and various mounting configurations.

Summary

Zimbabwe Low-Voltage Integrated Distribution Box Manufacturer

For sourcing low-voltage distribution boxes in Zimbabwe, Haivol Electrical is ideal for industrial and utility-grade equipment, Uniscott Electrical Contractors provides both supply and technical support for electrical projects, and Sona Solar Zimbabwe is suitable for solar and residential applications. Trade platforms can also be used to explore additional verified manufacturers and bulk supply options .
